RE: J & J Glass
1827 Trade Center Way
Suite 2, Naples, FL 34109

This letter is to certify that J & J Glass is a Certified Installer for all WinDoor Products. J & J Glass has been installing WinDoor Windows & Doors for over 10 years. During this time, they have become one of our largest and best installation companies, as well as a Premier WinDoor dealer in Southwest Florida.

In addition, J & J Glass has won our highest award and have earned recognition as a Platinum level dealer on multiple occasions, as well as three consecutive years, a level that very few dealers achieve. We have a high level of confidence in the capabilities and reliability of J & J Glass. They are an outstanding dealer and we are very pleased to have such a strong partner representing WinDoor in southwest Florida.

On behalf of the employees at WinDoor, we feel very fortunate to have J & J Glass representing us in the Naples and southwest Florida market. As noted above, they do exceptional work and understand the selection process of products to make sure the requirements of each project are properly achieved.

Sincerely,

John F. Adams
National Sales Manager
